- o The Sec Center will be getting some new equipment
 next Friday. We will be getting 2 new treadmills and an octane
 -rotational machine which is the 3rd most used piece of equipment
 in the gym and a functional trainer and from the biggest
 loser company we will be getting a trident swimmer and a
 Jacobs ladder. This is better because no other facility in Falls has either of these pieces of
 equipment.
- o "Also the game bikes and *V8 are going to be rec'd
 because they are no longer really being utilized and the
 Cat screen televisions that are downstairs are going to be
 mounted upstairs.
- o In January the Sec Center is going to be greener and going to
 eliminate the cloth floors. They are doing about
 eight loads of laundry a day now and without having to do
 laundry and roll the floors the employees will have more
 time to clean and sanitize the building and equipment. Also
 the floors disappear at a rapid rate as people take them
 home and throw them away. Scott bought 400 new floors
 in August and there were 200 left over from previously and
 now they are down to 150. So we will start using disposable
 floor mats instead.
- o Scott met with Program Board about the monthly movie
 date nights in the gym and Program Board was
 enthusiastic about doing that. The plan is to have the
